## Key facts

- BSI British Standards has 27,000 current standards
- BSI standards cover everything from accounting to zoom lenses.
- There are approximately 6,000 standards in development at any one time.
- The price of a standard reflects its complexity
- Over 130,000 BSI standards are sold each year in hard copy alone.
- 6,000 people from 1,800 organizations are involved in helping BSI to make approximately 1,700 standards each year.
- Over 14,000 organizations are engaged with us every year; this equivalent to just under 9% of all UK business.
- The most popular standard in the world (ISO 9001 Quality management systems. Requirements) is used by over 670,000 organizations in 154 countries.
- Both ISO 9001 and ISO 14001 began as British standards, as did some of the other top global standards (e.g. health & safety and IT).
- BSI's oldest standard, still in use today, is from 1927 - BS 275 Dimensions of rivets - while some of its most recent are for biometrics and business continuity.
